BACKEND DEVELOPER · QA AUTOMATION

Mar Agramonte Campos

Palma de Mallorca, Spain · agramontecampos01@gmail.com · linkedin.com/in/maragramonte · github.com/maragramonte · maragramonte.github.io/mi-portfolio

PROFILE

Backend developer and DAM graduate (Higher Vocational Degree in Multi-platform Application Development). My final-year project is an appointment app for a real internist in Palma, built with Java 21, Spring Boot 3.5 and PostgreSQL, with 115 automated tests and CI on every push. I completed a 400-hour internship in QA and APIs at Marlink Group. English B2, with work experience in Ireland. Seeking a Backend Developer or QA Automation role in Palma or remotely.

PROJECTS

Medical Appointment Management App · Final-year project

Appointment app for a real medical practice. Java 21, Spring Boot and PostgreSQL; 115 automated tests and protection against concurrent bookings.
